Technical Features

- The WiFi Smart Device Is Designed To Control, Schedule And Monitor Your Home Electrical Appliances Via Your Smartphone Or Manually By Powering On/Off

The WiFi Smart Device Is Compatible With WiFi Function Which Enables It To Perfectly Perform The Following Features:

1. APP Control
2. Timing & Schedule Function
3. Sharing Control
4. Sync Status
5. Voice Control (Compatible With Google Assistant And Amazon Echo)
6. Integrate With IFTTT
7. No Hub Required

Tip: The Factory Default Status Initialization Is ON. You Can Change The Initialization Status In "Setting" Button

Related Device Features

- APP Control:
Allows You To Control All Of Your Devices Via Your Smartphone Wherever You Are
- Timing & Schedule Function:
① Enables You To Set Up The Accurate Time Of Your Devices Automatically On/Off Whether You're Home Or Not
② Save Energy And Money On Your Bills It's Secure And Save Power!
③ Enables You To Turn The Device On/Off When Sunset Or Sunrise Starts
④ Allows You To Turn The Device On/Off Under Different Climate Conditions

Sharing Control:
Enables You To Share Your Devices With Your Family And Friends.

Sync Status:
Enables You To Track Status To Change All Of Your Devices Via Your Smartphone

- Voice Control:
Compatible with Google Assistant And Amazon Echo Turn Your Home Devices On/Off With Just The Power Of Your Voice
- Integrate With IFTTT:
Compatible With IFTTT App Which Has The Possibility To Control Your Device Via Your Smartphone And Voice Control
- No Hub Required:
You Can Entirely Connect Your Devices Over Wifi Without Needing Any Additional Accessories

Note: During The Adding Process, The Smartphone Should Be In A Direct Range With The Device

Warning: All Of The Cover Frames And Functions Are Designed To Only Fit And Work With Our Devices

Limited Warranty

The Limited Warranty Does Not Cover Any Failures And Operating Difficulties Due To Abuse, Misuse, Alteration, Misapplication, Improper

Installation, And Maintenance Service By You Or Any Third Party
The Limited Warranty Does Not Cover Damages To The Finish, Such As Scratches, Dents, Discoloration Or Rust After Purchase

In Case Of Problems While Adding The Device, Reset The Appliance And Repeat The Adding Process

Our Mission Is To Provide You The Best Smart Devices Ever
